- * Limited seats
- * Contact our admission counsellors to set up a instalment plan
- * The above are subject to change,
- * ON JOB TRAINING (Refer to page 4)
- * VAT not included

OPTION 1

We can tutor you with Review sessions Online for CAT A modules as per EASA / GCAA / DGCA & other examinations & you can appear for exams in your country

OPTION 2

We can tutor you with Review sessions Online for CAT B1.1 / B2 modules as per EASA / GCAA / DGCA & other examinations & you can appear for exams in your country

OPTION 3

You can appear for all modules for CAT A as per GCAA regulations under our CAR 147 approval

OPTION 4

You can take review & appear for all modules for CAT A as per GCAA regulations under our CAR 147 approval

OPTION 5

You can appear for all modules for CAT B as per EASA regulations under our PART 147 examination approval in partnership with KLM UK Engineering

OPTION 6

You can take review & appear for all modules for CAT B as per EASA regulations under our PART 147 examination approval in partnership with KLM UK Engineering

OPTION 7

1 year Training, Practical & Examination for AME CAT A1/A2 under our GCAA CAR 147 approval.

OPTION 8

1 year On Job Training working on live aircrafts at UAE Airports with our partner companies on Line or Base Maintenance.

OPTION 9

1 year On Job Training working on live aircrafts at UAE Airports with our partner companies on Line or Base Maintenance, while you can alongside do review & exams for GCAA CAT A1/A2 OR EASA B1.1 / B2 Exams

OPTION 10

1 year Training, Practical & Examination for AME CAT A1/A2 under our GCAA CAR 147 approval. With 1 year On Job Training working on live aircrafts at UAE Airports with our partner companies on Line or Base Maintenance

OPTION 11

1-year Training, Practical & Examination for AME CAT A1/A2 under our GCAA CAR 147 approval. Alongside review & exam for CAT B1.1 / B2 as per EASA regulations under our PART 147 examination approval in partnership with KLM UK Engineering with 1 year On Job Training working on live aircrafts at UAE Airports with our partner companies on Line or Base Maintenance

HEALTH INSURANCE	500
ACCOMMODATION	190-250 PER MONTH

*Cost of renewing visa- \$1000
*Contact our counsellors for more information (page 11)

AIRCRAFT MAINTENANCE ENGINEER

While building an enormous aircraft like an airbus is certainly an engineering marvel but its maintenance is a tedious task. Aircraft Maintenance Engineering or AME course is one such program that imparts knowledge and equips students with skills to ensure the proper functioning of various aircraft.

The graduates perform routine checks, do overhauling, repairing, and other maintenance-related activities of the aircraft. With lucrative salary packages, a career in this field has great growth opportunities.

\$25,000
AVERAGE PER YEAR
IN UAE

Regulatory Authorities regulating the repair and maintenance of Aircrafts :

- European Union Aviation Safety Agency (EASA)
- General Civil Aviation Authority (GCAA)
- Federal Aviation Administration (FAA)

Types of Aircraft Maintenance Engineering (AME) License

The licence is divided broadly between Mechanical and Avionic trade disciplines. These reflect different levels of task complexity and are supported by different standards of experience and knowledge. An individual may hold a combination of licence categories.

The categories within the **Aircraft Maintenance Engineering** licence are:

- Category A : Maintenance Certifying Mechanic
- Category B1 : Maintenance Certifying Technician (Mechanical)
- Category B2 : Maintenance Certifying Technician (Avionics)
- Category C : Base Maintenance Certifying Engineer

SCOPE

Based on the International Civil Aviation Organization (ICAO), in the next 20 years, airlines will have to add 25,000 new aircraft to the current 17,000-strong commercial fleet. By 2026, the industry will need 480,000 new technicians to maintain these aircraft.

Technological evolution of Drones being used for surveillance, agriculture & many more applications. Car will soon be flying. Unmanned (UAV) vehicles are in the near future. Aircraft Maintenance Engineers are MOST LIKELY to be in demand for Maintenance for all the above

INTRODUCTION TO AVIATION

The aviation industry encapsulates the development, operation and management of aircraft. While the common perception about the sector is that it's only about pilots and air hostesses, there are numerous other equally significant job options that the industry cannot function without, from in-flight trainers and aircraft maintenance engineers to baggage handlers and reservations agents.

The Aviation market in UAE is forecast under the "current trends" scenario to grow by 170% in the next 20 years.

This would result in an additional 101 million passenger journeys by 2037. If met, this increased demand would support approximately US \$127.7 billion of GDP and around 1.4 million jobs.

Aviation generates benefits to consumers and the wider economy by providing speedy connections between cities. These virtual bridges in the air enable the economic flows of goods, investments, people and ideas that are the fundamental drivers of economic growth.

FROM NEPAL IN UAE."**

Shraddha, NEPAL

OUR CAMPUS

Located in the heart of Dubai, our campus is purpose-built to deliver quality courses, combining a friendly, vibrant academic community that includes classrooms and a fully equipped workshop.
With the advantage of the location, our campus is easily accessible by public transport!

YOUR NEXT STEP...

Please visit our website at www.vcati.ae to find out more about our courses. On our website, you can also find our other brochures to download.

HOW TO APPLY:

To book your course, you can:

- Enroll on our website- www.vcati.ae, Download an enrolment form from our website and send it back by email, post or fax.
- Contact our counsellors-
Nazish- +971 54 994 3497
Prince- +971 56 688 0660
Kirti- +971 54 994 3498
- Visit our campus and meet our admissions team in person- Al Garhoud, Dubai, UAE

VISAS :

Laws in the United Arab Emirates (UAE) require all non-national students to obtain a Student Visa for the duration of their studies. Vision concept Aviation Training Institute provides students visas for applicants studying in any of our academic programmes.

Student visas are issued for the duration of 12 months at a time for the charge of \$1000; hence a student may require 2 or 3 renewals during their course of study at VCATI.

The procedure for applying for a Student Visa cannot commence until you have accepted your Offer of Admission, cleared all academic conditions (if any) and paid your tuition fees along with the Student Visa Charges outlined below. The process normally takes 15-20 days; applications typically undergo a security check by UAE government authorities. You are advised to apply as early as possible if you require a Student Visa.

Find out more by writing to us at info@vcati.ae or calling 00971549943489; alternatively, you can Whatsapp us.
